Company Profile

Sunway Machinery Co., Ltd. is a company who intensively provide professional technical consultation and actual machine product of metallurgy machinery such as metal coil cold rolling mill lines, hot-dip galvanizing lines, slitting lines, HF welded pipe mill lines, cut-to-length lines, roll forming machines, etc.

We can provide technical consultation because we have a team group who have worked in this field for many years and thus know well technical details and supply market conditions. We can provide you good machines at good prices because we have own factories who produce different above-mentioned machines. Our factories gather together , cooperate hand-in-hand, to fully take advantage of international marketing resources.

Take one of our factories, Sunway Machinery Co., Ltd. as example:

Sunway is specialized in producing (decoiler, slitter, recoiler lines) and (decoiler, leveler, cut-to-length lines). We set up our head office in Wuxi, near to our backup factories. Wuxi city is beside Taihu Lake, one of the biggest lakes in China; Wuxi is near to Shanghai and is one important industrial city in China.

We can make sure complete & efficient technical communications, rigorous and rhythmed production process control , timely & orderly shipping arrangement. In a word, all machines are customized under the requirements of customers.

Our customers are around the world, especially in Middle East and North Africa.

In Middle East, we have exported much to Iran, Iraq, Kuwait, Jordan, and Saudi Arabia…

In North Africa, we exported much to Egypt, Libya, Algeria, and Sudan…

Not only this, we also exported to Romania, Serbia, India, South Africa, El Salvador, Venezuela etc countries.

Our core values are "Quality, Efficiency, Credibility & Integrity", which can firmly and solidly support us to fly far and high, because undoubtedly these points are cornerstone of cooperation.
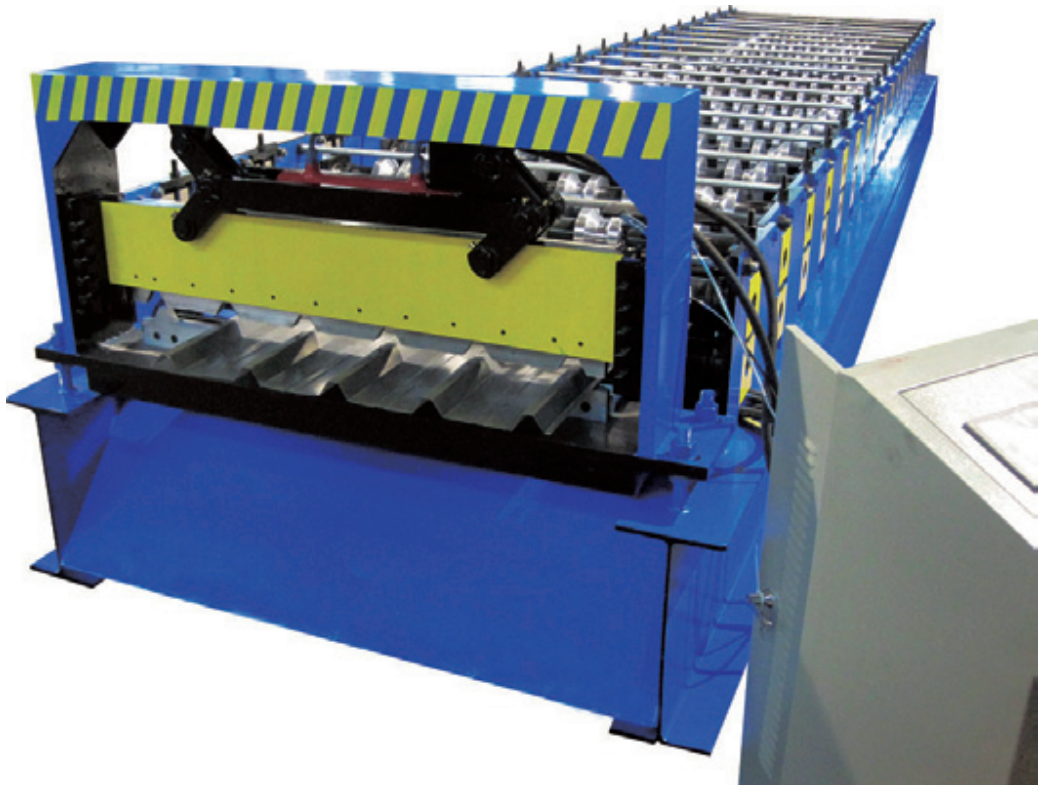

If you need cut-to-length line, metal slitting line, cold rolling mill, metal forming machine and welded pipe making machine, don't hesitate to contact us for more details now!

We would like to establish frequent communications and thus more understanding between each other, full-heartedly welcome you to visit our company!
